Report on the Audit of the Consolidated and Separate Financial Statements

Opinion

We have audited the consolidated financial statements of Standard Islami Bank PLC and its subsidiaries (the "Group") as well as the separate financial statements of Standard Islami Bank PLC (the "Bank"), which comprise the consolidated and separate balance sheets as at 31 December 2025, and consolidated and separate profit and loss accounts, consolidated and separate statements of changes in equity and consolidated and separate cash flows for the year then ended, and notes to the consolidated and separate financial statements, including material accounting policy information.

In our opinion, the accompanying consolidated and separate financial statements give a true and fair view as per disclosure in Note no. 7.9, 7.10, 12.2, 12.4, 12.7, 12.8, 13.9 (a), 18.3 and 34 (a) of the consolidated financial position of the Group and the separate financial position of the Bank as at 31 December 2025, and of its consolidated and separate financial performance and its consolidated and separate cash flows for the year then ended in accordance with Rules and Regulation issued by Bangladesh Bank and IFRS Accounting Standards as issued by the International Accounting Standards Board (IASB) as explained in note 2.00.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Bank in accordance with the International Ethics Standards Board for Accountants' *International Code of Ethics for Professional Accountants (including International Independence Standards)* (IESBA Code), as applicable to audits of the financial statements of public interest entities, together with the ethical requirements that are relevant to audits of the financial statements of public interest entities in Bangladesh. We have also fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matters

We would like to draw the attention of the users of this report to the following issues:

1. Based on the tripartite meeting among Bangladesh Bank, External Auditors and the Bank held on 12 April 2026 and as per Bangladesh Bank letter no. BSD-12/SIBPLC/2026-390 dated 26 April 2026 and BSD-12/SIBPLC/2026-397 dated 28 April 2026, the Bank's total required provision for investments, off-balance sheet exposures, investments in share/bond, and other assets stands amount to Tk. 6,831.61 crore as at 31 December, 2025 as disclosed in note # 7.9, 7.10, 12.7, 12.8, and 13.9(a). Against this, the Bank has maintained provision of Tk. 927.16 crore only, resulting in an aggregate shortfall of Tk. 5,904.45 crore representing NPI ratio 29.89% of the investments of the bank. Had the Bank made full provision as required, the total loss after tax would have been impacted with a consequential negative impact on the Capital to Risk-Weighted Assets Ratio (CRAR), EPS & others.
2. As disclosed in Note #18.3, the Bank reported total investment income of Tk. 1,696.29, crore during the year after revising Tk. 90.00 crore from investment income as per Bangladesh Bank letter no. BSD-12/SIBPLC/2026-397 dated 28 April 2026. However, during the year ended 31 December 2025, the Bank recognized investment income amounting to Tk. 247.75 crore on classifiable investments, which is required to be transferred to the profit suspense account and compensation account. Had the Bank made these transfers as required, the reported profit would have been negatively affected.
3. As disclosed in note no. #6.2(b), Standard Islami Bank PLC. holds an investment of Tk. 149.99 crore & Tk.79.99 crore in shares of SBL Capital Management Ltd. and Standard Bank Securities Ltd., respectively. Although the reported NAV remains relatively high due to deferred provisioning under BSEC directives, the underlying financial condition of the investee, including significant provision shortfall Tk. 250.73 crore and Tk. 47.37 crore respectively for SBL Capital Management Ltd. and Standard Bank Securities Ltd. due to fall in share price.

Our opinion is not modified in respect of these above matters.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated and separate financial statements of the current period. These matters were addressed in the context of our audit of the consolidated and separate financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below our description of how our audit addressed the matter is provided in that context.

Description of key audit matters	Our response and result to key audit matters
Measurement of provision for investments	
The process for estimating the provision for investment portfolios associated with credit risk is significant, judgmental, and complex.	We tested the design and operating effectiveness of key controls focusing on the following:

Description of key audit matters	Our response and result to key audit matters
Measurement of provision for investments	
<p>The process for estimating the provision for investment portfolio associated with credit risk is significant and complex.</p> <p>For the individual analysis for large exposure, the provision calculation considers the estimates of future business performance and the market value of the collateral provided for credit transactions.</p> <p>For the collective analysis of exposure on a portfolio basis, provision calculation and reporting are manually processed, which deal with voluminous databases, assumptions, and estimates.</p> <p>Due to the high level of judgment involved and the use of the manual process in estimating the provision for investment, we considered this to be a key audit matter.</p> <p>At year end, the Group and the Bank reported total gross investments of BDT 20,941.83 Crore (2024: BDT 20,361.56 Crore) and BDT 20,477.65 Crore (2024: BDT 19,919.27 Crore) respectively, and provision for investments of BDT 894.09 Crore (2024: BDT 782.90 Crore).</p> <p>As per Bangladesh Bank letter no. BSD-12/SIBPLC/2026-390 dated 26 April 2026 and BSD-12/SIBPLC/2026-397 dated 28 April 2026, the classified investments of the Bank of BDT 6,121.28 crore in 2025 representing 29.89% of total investments. The Bank's provision estimates involve complex calculations and rely heavily on management's judgment. Multiple exposures exceeded the prescribed regulatory limits for single borrower or group exposure.</p> <p>We have focused on the following significant judgements and estimates which could give rise to material misstatement or management bias:</p>	<ul style="list-style-type: none"> • Credit appraisal, investment disbursement procedures, monitoring and provisioning process; • Completeness of appropriate documentation before disbursement of investments as well as recording of investment balance; • Alternate procedures applied by management to assess new investment/renewal of existing investments where latest audited financial statements of the borrower are not available; • Identification of loss events, including early warning and default warning indicators; • Review of quarterly Classification of investments (CL); <p>Our substantive procedures in relation to the provision for investments portfolio comprised the following:</p> <ul style="list-style-type: none"> • Reviewed the adequacy of the general and specific provisions in line with related Bangladesh Bank guidelines; • Assessed the methodologies on which the provision amounts are based, recalculated the provisions and tested the completeness and accuracy of the underlying information; • Evaluated the appropriateness and presentation of disclosures against relevant accounting standards and Bangladesh Bank guidelines. • Finally, reviewed the amount of provision requirement as determined by Bangladesh Bank inspection team and the External audit team. <p>Accordingly, Bangladesh Bank has given certain flexibility from classification requirement for investments vide issuing various circulars such as BRPD circular no. 07 dated 16 September 2025, BRPD circular letter no. 26 dated 24 November 2025, BRPD Circular No. 15 dated 27 November 2024, BRPD circular no. 05 dated 25 June 2025, BRPD circular no. 22 dated 13</p>

Description of key audit matters	Our response and result to key audit matters
Non-Performing Investments	
<p>Investments are the main element of financial statements of the Bank. Income of the Bank is mainly dependent on the portfolio of Investments. Management performance is highly dependent on the target achievement of investments. Investments disbursement requires robust documentation followed by approval from appropriate level of authority. We have identified Investments as key audit matter because there is an inherent risk of fraud in disbursement of Investments by management to meet specific targets or expectations.</p>	<p>We have tested the design and operating effectiveness of key controls focusing on investment appraisal, investment disbursement procedures and monitoring process as well as the percentage of non-performing investment of comparing to the total investments.</p> <p>Besides, we have performed procedure to check whether the Bank has ensured appropriate documentation as per Bangladesh Bank regulations and the Bank's policy before disbursement of Investments.</p> <p>On sample basis verification of selected Investments, we have observed some documentation and procedural discrepancy and</p>

<p>At year end, the Group and the Bank reported total gross investments of BDT 20,941.83 Crore (2024: BDT 20,361.56 Crore) and BDT 20,477.65 Crore (2024: BDT 19,919.27 Crore).</p> <p>Furthermore, as per Bangladesh Bank letter no. BSD-12/SIBPLC/2026-390 dated 26 April 2026 and BSD-12/SIBPLC/2026-397 dated 28 April 2026, the required provision against investments and Off-Balance Sheet Items is Tk. 6,201.04 crore, while the Bank reported Tk. 894.09 crore, resulting in a shortfall of BDT. 5,306.95 crore, against an NPI ratio of 29.89%.</p>	<p>security gap against some investments, not aligning with the expected level.</p> <p>In addition, we have performed procedure to check whether the investments are recorded completely and accurately and that are existed at the reporting date.</p> <p>Furthermore, we have assessed the appropriateness of disclosure against Bangladesh Bank guidelines and the Bangladesh Bank letter ref. No. BSD-12/SIBPLC/2026-390 dated 26 April 2026 and BSD-12/SIBPLC/2026-397 dated 28 April 2026.</p>
<p>See note no 7.8 and 7(a) to the financial statements.</p>	

Description of key audit matters	Our response and result to key audit matters
<p>Recognition of investment income</p>	
<p>Recognition of Investment income has a significant and wide influence on financial statements. Recognition and measurement of Investment income has involvement of complex IT environments.</p> <p>We identify recognition of Investment income as a key audit matter because this is one of the key performance indicators of the Bank, and therefore, there is an inherent risk of fraud and error in the recognition of Investment income by management to meet specific targets or expectations.</p> <p>At year end the Group and the Bank reported total gross investment income of BDT 1,700.76 Crore (2024: BDT 1,687.59 Crore) and BDT 1,696.29 Crore (2024: BDT 1,678.23 Crore).</p>	<p>We tested the design and operating effectiveness of key controls over the recognition and measurement of investment income.</p> <p>We performed tests of operating effectiveness on automated controls in place to measure and recognize investment income.</p> <p>We have also performed substantive procedures to check whether investment income is recognized completely and accurately.</p> <p>We assessed the appropriateness and presentation of disclosure against relevant accounting standards and Bangladesh Bank guidelines.</p> <p>We performed several analytical and substantive procedures to check whether the calculations relating to the investment income, profit paid on deposits and borrowings etc. and the EPS are accurate or not.</p>

	<p>We reviewed Bangladesh Bank Letter No. BSD-12/SIBPLC/2026-390 dated 26 April 2026.</p> <p>Finally, the Bank reported total investment income of Tk. 1,696.29 crore for the year after incorporating profit reversal of Tk. 90.00 crore in accordance with Bangladesh Bank Letter No. BSD-12/SIBPLC/2026-397 dated 28 April 2026.</p> <p>We have also assessed the adequacy of disclosure in light of the relevant Bangladesh Bank guidelines and the above-mentioned letters.</p> <p>Finally, we also conducted substantive analytical procedures to assess reasonableness of investment income recognized during the year with reference to the product wise outstanding Investment balances.</p>

Description of key audit matters	Our response and result to key audit matters
Measurement of deferred tax assets (DTA)	
<p>At year end the Bank reported total deferred tax assets of BDT 48.41 Crore (2024: BDT 47.63 Crore) and deferred tax income of Taka 0.78 Crore (2024: Taka 0.83 Crore) respectively.</p> <p>Significant judgment is required in relation to deferred tax assets, as their recoverability is dependent on forecasts of future profitability over a number of periods.</p> <p>Accordingly, this area has been considered as key audit matter.</p>	<p>We obtained an understanding, evaluated the design and tested the operational effectiveness of the Bank's key controls over the recognition and measurement of DTAs and the assumptions used.</p> <p>We also assessed the completeness and accuracy of the data used.</p> <p>We involved tax specialists to assess key assumptions, controls, recognition and measurement of DTAs.</p> <p>Finally, assessed the appropriateness and presentation of disclosures against IAS 12 Income Tax.</p>

Impairment assessment of unquoted investments and others	
<p>In the absence of a quoted price in an active market, the fair value of unquoted shares</p>	<p>We reviewed Management's impairment assessment process, focusing on the analysis of</p>

and bonds is determined using valuation techniques that rely on unobservable market data and significant judgment. At year-end, the Bank reported total unquoted shares of BDT 544.44 crore (2024: BDT 543.93 crore).

Investments in SBL Capital Management Ltd. and Standard Bank Securities Ltd., along with related entities, amounting to BDT 149.99 crore and BDT 79.99 crore, respectively, are reflected at relatively high NAV due to deferred regulatory provisioning and carry potential impairment risk. The underlying financial condition of the investees, along with provision shortfalls of BDT Tk. 250.73 crore and Tk. 47.37 crore respectively for SBL Capital Management Ltd. and Standard Bank Securities Ltd. due to fall in share price.

There are also MSND, perpetual bond, subordinated bonds amounting to BDT 348 crore extended to stressed counterparties experiencing significant liquidity challenges, which increases the risk associated with recoverability.

the recoverable values and the continued appropriateness of the value.

We have assessed the processes and controls put in place by the Bank to ensure all major investment decisions are undertaken through a proper due diligence process.

We tested a sample of investments valuation as at 31 December 2025 and compared our results to the recorded value.

We assessed the Bank's classification and measurement process for these financial instruments and reviewed the valuation techniques applied.

To further assess the adequacy of the provisions, we tested a sample of the assets held by the Bank, focusing on the liquidity and recoverability of these investments. We reviewed the inputs and assumptions used in the valuation and compared them with available market data and external sources.

We obtained and reviewed the portfolio of quoted shares, verified market prices as of the reporting date, and assessed management's provisioning policy. We evaluated whether the provision reflects the fair value loss in accordance with applicable financial reporting standards.

We reviewed available supporting documents, and assessed management's controls in the absence of a formal fixed asset register and Lease accounting incomplete. We reviewed the composition of other assets, assessed the provisioning made, and inquired with management regarding ageing and recoverability.

Furthermore, we noted that, in accordance with the deferral granted by the Bangladesh Securities and Exchange Commission (BSEC), the Bank's subsidiaries have not fully provided for client margin investments and investments

	<p>in shares and securities, as required under BSEC Directive No. BSEC/SMMID/NE/AP/2025/108/659 dated November 16, 2025 for SBL Capital Management Limited and BSEC Directive No. BSEC/SMMID/NE/AP/2025/108/676 dated November 27, 2025 for Standard Bank Securities Limited. These directives permit stock-brokers to defer recognition of such provisions up to 31 December 2030, subject to the requirement that provisions are made annually in accordance with the respective BSEC directives. Consequently, additional provisions are expected to be recognized in subsequent periods.</p> <p>Finally, we assessed the appropriateness and presentation of disclosures against relevant accounting standards and Bangladesh Bank guidelines.</p>

Description of key audit matters	Our response and result to key audit matters
<p>IT systems and controls</p>	
<p>Our audit procedures have a focus on IT systems and controls due to the pervasive nature and complexity of the IT environment, the large volume of transactions processed in numerous locations daily and the reliance on automated and IT dependent manual controls.</p> <p>Our areas of audit focus included user access management, developer access to the production environment and changes to the IT environment. These are key to ensuring IT dependent and application-based controls are operating effectively.</p>	<p>We tested the design and operating effectiveness of the Bank's IT access controls over the information systems that are critical to financial reporting. Lease accounting incomplete; Fixed Asset Register not properly maintained within IT systems.</p> <p>We tested IT general controls (logical access, changes management and aspects of IT operational controls). This included testing that requests for access to systems were appropriately reviewed and authorized.</p> <p>We tested the Bank's periodic review of access rights and reviewed requests of changes to systems for appropriate approval and authorization.</p> <p>We reviewed the reconciliation process between CL summaries and underlying schedules and evaluated the Bank's manual adjustments. Additionally, we tested the implementation of Bangladesh Bank's guidance for investment classification in the IT system.</p>

	<p>We performed the Tests of IT General Controls to evaluate the Application Development and Database, Hosting Platforms, and segregation of incompatible duties relevant to application and database change management.</p> <p>We considered the control environment relating to various interfaces, configurations and other application layer controls identified as key to our audit. Our findings on the IT system have been communicated to those charged with governance.</p>

Description of key audit matters	Our response and result to key audit matters
Legal, regulatory matters and Contingent Liabilities	
<p>We focused on legal and regulatory matters because the Group and the Bank operate in a legal and regulatory environment that is exposed to significant litigation and similar risks arising from disputes and regulatory proceedings. Such matters are subject to many uncertainties and the outcome may be difficult to predict.</p> <p>These uncertainties inherently affect the amount and timing of potential outflows with respect to the provisions and other contingent liabilities.</p> <p>Overall, the legal provision represents the Group's best estimate for existing legal matters that have a probable and estimable impact on the Group's financial position.</p> <p>The Bank has disclosed contingent liabilities amounting to BDT 8,074.14 Crore at the year ended on December 31, 2025 (2024: BDT 7,474.95 Crore).</p> <p>As per IAS 37 Contingent liabilities are not required to be recognized but disclosed in the financial statements.</p>	<p>We obtained an understanding, evaluated the design and tested the operational effectiveness of the Group's and the Bank's key controls over the legal compliances.</p> <p>We enquired to those charged with governance to obtain their view on the status of all significant litigation and regulatory matters.</p> <p>We enquired of the Group's and the Bank's internal legal counsel for all significant litigation and regulatory matters and inspected internal notes and reports. We also received formal confirmations from external counsel.</p> <p>We assessed the methodologies on which the provision amounts are based, recalculated the provisions, and tested the completeness and accuracy of the underlying information.</p> <p>We also assessed the Group's and the Bank's provisions and contingent liabilities disclosure in the financial statements as per provisions of IAS 37: Provisions, Contingent Liabilities and Contingent Assets.</p>

Other information

Management is responsible for the other information. The other information comprises all of the information in the Annual Report other than the consolidated and separate financial statements and

our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated and separate financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated and separate financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated and Separate Financial Statements and Internal Controls

Management is responsible for the preparation of consolidated and separate financial statements that give a true and fair view in accordance with Rules and Regulation issued by Bangladesh Bank and IFRS Accounting Standards as issued by the IASB as explained in note 2.00 and for such internal control as management determines is necessary to enable the preparation of consolidated and separate financial statements that are free from material misstatement, whether due to fraud or error. The Bank Company Act, 1991 and the Bangladesh Bank Regulations require the Management to ensure effective internal audit, internal control and risk management functions of the Group and the Bank. The Management is also required to make a self-assessment on the effectiveness of anti-fraud internal controls and report to Bangladesh Bank on instances of fraud and forgeries.

In preparing the consolidated and separate financial statements, management is responsible for assessing the Group's and the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group and the Bank or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's and the Bank's financial reporting process.

Auditors' Responsibilities for the Audit of the Consolidated and Separate Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated and separate financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated and separate financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated and separate financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's and Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and the Bank to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated and separate financial statements, including the disclosures, and whether the consolidated and separate financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business units within the group as a basis for forming an opinion on the group financial statements. We are responsible for the direction, supervision and review of the audit work performed for purposes of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated and separate financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in

extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

iv) Fixed Assets Including Premises, Furniture & Fixtures and Right Of Use Assets.

Recognition and measurement

Application of Lease as per IFRS 16 along with its relevant assumptions and disclosures:

IFRS 16: Standard Islami Bank PLC applied IFRS 16 from 1 January 2020 where the bank measured the lease liability at the present value of the remaining lease payments, discounted it using the bank's incremental borrowing rate @ 5% at the date of initial application, and recognized a right-of-use asset at the date of the initial application on a lease by leasebasis.

Right-of-use assets:

The Bank recognizes right-of-use assets at the date of initial application of IFRS 16. Right-of-use assets are measured at cost, less any accumulated depreciation, and adjusted for any re-measurement of lease liabilities. Right-of-use assets are depreciated on a straight-line basis over the lease term. The right-of-use assets are presented under property, plant and equipment.

Lease liabilities:

At the commencement date of the lease, the bank recognizes lease liabilities measured at the present value of lease payments to be made over the lease term using incremental borrowing rate at the date of initial application. Lease liability is measured by increasing the carrying amount to reflect Profit on the lease liability, reducing the carrying amount to reflect the lease payments, and re-measuring the carrying amount to reflect any reassessment or lease modifications. Profit on the lease liability in each period during the lease term shall be the amount that produces a constant periodic rate of Profit on the remaining balance of the lease liability.

Exemption from Lease as per IFRS 16:

As per IFRS 16 there are some exemptions from application of lease for:-

Short-term leases

A lease will be classified as 'short-term' if it covers a period of 12 months or less at its commencement date. Importantly, a lease cannot qualify as short-term if it contains a purchase option, or if it includes any optional extension periods, unless it is reasonably certain that the lessee will not exercise an option to extend the lease, resulting in the lease period being longer than 12 months.

Low asset-value leases

'Another area of exemption to IFRS 16, which will impact lessees, is that of optional accounting simplifications for lower-value assets. In these cases, the value will be assessed according to the value of the underlying stand-alone asset as if it was new, irrespective of the asset's actual age. The IASB has stated that it considers low-value assets to be those with a value of around US\$ 5 000 or less, when new. Leases of assets such as office furniture, laptops and servers would typically qualify for this exemption.

The Standard Bank has elected not to recognize right-of-use assets and lease liabilities for leases of low value assets and short-term leases, i.e. for which the lease term ends within 12 months of the date of initial application. The Bank recognizes lease payments associated with these leases as an expense. In case of low value of lease assets, the bank has set a materiality threshold of 'BDT 10 million and above' which is 0.058 % of total shareholders' equity capital of the bank as of 31-12-2022. The reason behind considering the materiality threshold of BDT 10 million and above is that the bank operates many ATM booths and branches with short and single contracts.

Items of fixed assets excluding land are measured at cost less accumulated depreciation and accumulated impairment losses, if any. Land is measured at cost/revaluation.

Cost includes expenditure that are directly attributable to the acquisition of asset and bringing to the location and condition necessary for it to be capable of operating in the intended manner.

When parts of an item of fixed asset have different useful lives, they are accounted for as separate items (major components) of fixed assets.

The gain or loss on disposal of an item of fixed asset is determined by comparing the proceeds from disposal with the carrying amount of the item of fixed asset, and is recognized in other income/other expenses in profit or loss.

Subsequent costs

The cost of replacing a component of an item of fixed assets is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Group and its cost can be measured reliably. The carrying amount of the replaced part is derecognized. The costs of the day-to-day servicing of fixed assets are recognized in profit or loss as incurred.

Depreciation

Depreciation is charged at the rates stated below on all fixed assets on the basis of estimated useful lives as determined in the fixed asset policy of the Bank. In all cases depreciation is calculated on the straight line method. Charging depreciation commences from the month of acquisition (for full month) and ceases at the month when the assets are disposed. No depreciation has been charged on land. Rate and method of charging depreciation/ amortization of fixed assets are mentioned below:

Name of the Assets	Rate of Depreciation	Method of charging depreciation/ amortization

Building	2.50%	Straight Line Method

Credit risk is a form of performance risk in a contractual relationship. In any contractual situation, performance risk refers to the possibility that one party in the contract will not honor its obligations to the other. Credit risk is usually defined as the performance risk associated with a financial contract (e.g. a Investments, bond, or derivative contract). Hence, the potential failure of a manufacturer to honor a warranty might be called performance risk, whereas the potential failure of a borrower to make good on its payment requirements—which include both the repayment of the amount borrowed, the principal, and the contractual Profit payments, would be called credit risk. A borrower or an obligor is defined as any party to a contract that has to perform a financial obligation to the other.

Indeed, the Basic concepts for measuring credit risk-probability of default, recovery rate, exposure at default, expected loss, loss given default, and unexpected loss-are easy enough to understand and explain. However, even for those involved in risk management who agree on the concepts, it is not always easy to practically implement a method that is fully consistent with an original concept.

Therefore, the Bank's credit risk management activities have been designed to address all these issues.

A thorough risk assessment is done before sanction of any credit facility at risk management units. The risk assessment includes borrower risk analysis, financial analysis, industry analysis, historical performance of the customer, security of the credit facility etc. The assessment process starts at the branch level and ends at Credit Risk Management division when it is approved /declined by the competent authority. Credit approval authority has been delegated to the individual executives. Proposal beyond their delegation are approved/declined by the Executive Committee and/or the Board of Directors of the Bank.
